December 18, 2007

Children's Institute International (CII) held an outdoor festival for 2000 children and families on Saturday, December 15, 2007 from 10:00 a.m. – 4:00 p.m. on the grounds of the Harbor/UCLA Medical Center. The festival featured games, arts & crafts activities, entertainment, and a toy giveaway.

CII is a private, non-profit organization that improves the lives of Los Angeles' most vulnerable children by helping them directly and by strengthening the families and communities in which they live. Nationally recognized for developing innovative programs, CII provides early care and education; treats children who are traumatized by violence in the home or community; and trains professionals throughout the United States and abroad. CII is a powerful voice for children and families in need. The event featured entertainment, food, and a number of vendors who will provided free information about childhood safety tips to parents and families.
